Administration's Report

Mayor and Councilors Municipality of Cambridge Bay, Nunavut

Municipal Council, which is responsible for, among other things, the financial statements of the Municipality of Cambridge Bay, delegates to Administration the responsibility of the financial statements. Municipal Council appoints independent auditors to examine and report directly to them on the financial statements. Administration prepared the financial statements. Accounting principles have been followed as recommended by the Department of Community and Government Services, based upon the requirements of the *Hamlets Act* of Nunavut, and the Public Sector Accounting Standards of the Canadian Institute of Chartered Accountants.

Administration maintains a system of internal accounting controls to ensure that transactions are accurately recorded on a timely basis, are properly approved and result in reliable financial statements. There are limits inherent in all systems on the recognition that the cost of such systems should not exceed the benefits to be derived. Administration believes its system provides the appropriate balance in this respect.

Municipal Council carries out its responsibility for review of the financial statements primarily through the Finance Committee. The Committee meets regularly with Administration to discuss financial matters, including the results of audit examinations. The Committee reports its findings to Municipal Council for its consideration in approving the financial statements for issuance.

The financial statements have been reported on by Crowe MacKay LLP, Chartered Accountants. The independent auditors' report outlines the scope of their audit and their opinion on the presentation of the information included in the financial statements.

**Senior Administrative Officer
Municipality of Cambridge Bay**

July 15, 2018

Independent Auditors' Report

Mayor and Councilors Municipality of Cambridge Bay, Nunavut

We have audited the accompanying consolidated financial statements of the Municipality of Cambridge Bay, which comprises the consolidated statement of financial position as at March 31, 2018 and the consolidated statement of operations and accumulated surplus, changes in net financial assets, and cash flows, and the consolidated statement of changes in fund balances for the year then ended, and a summary of significant accounting policies and other explanatory information.

Administration's Responsibility for the Consolidated Financial Statements

Administration is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with the policies and standards prescribed for municipalities by the *Hamlets Act* of Nunavut and by the Department of Community and Government Services, Government of Nunavut, and for such internal control as administration determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion of the effectiveness of the entity's internal controls. An audit also included evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Except as identified in the following paragraph, we believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit qualified opinion.

Basis for Qualified Opinion

The Municipality derives revenue from bingos and other fundraising activities the completeness of which is not susceptible of satisfactory audit verification. Accordingly, our verification of these revenues was limited to the amounts recorded in the records of the Municipality and we were not able to determine whether any adjustments might be necessary to contributions, excess of revenues over expenditures, current assets and net financial assets.

Qualified Opinion

In our opinion, except for the effect of adjustments, if any, which we might have determined to be necessary had we been able to satisfy ourselves concerning the revenues referred to in the preceding paragraph, these financial statements present fairly, in all material respects, the financial position of the Municipality as at March 31, 2018 and the results of its operations for the year then ended in accordance with the policies and standards prescribed for municipalities by the *Hamlets Act* of Nunavut and by the Department of Community and Government Services, Government of Nunavut.

Report on Other Legal and Regulatory Requirements

As required by Section 147 of the *Hamlets Act* we report that, in our opinion, these principles have been applied on a basis consistent with that of the preceding year. We further report in accordance with the *Hamlets Act* (Section 147.1) that, in our opinion, proper books of account have been kept by the Municipality, the consolidated financial statements are in agreement therewith and the transactions that have come under our notice, have, in all significant respects, been within the statutory powers of the Municipality.

Municipality of Cambridge Bay

Notes to Consolidated Financial Statements

March 31, 2018

1. Significant Accounting Policies

The consolidated financial statements of the Municipality of Cambridge Bay ("the Municipality") are the representations of administration prepared in accordance with the policies and standards prescribed for municipalities by the *Hamlets Act* of Nunavut and by the Department of Community and Government Services, Government of Nunavut. Significant aspects of the accounting policies adopted by the Municipality of Cambridge Bay are as follows:

(a) Reporting entity

These consolidated financial statements reflect the assets, liabilities, revenues and expenditures, changes in fund balances, net financial assets and cash flows of the Municipality of Cambridge Bay and includes the activities of all committees of Council.

All inter-fund assets, liabilities, revenues, and expenditures have been eliminated, with the exception of Interdepartmental Administration Fees and Local Government Water and Sewage and Garbage Revenues and Expenditures.

The Municipality receives significant funding from the Government of Nunavut in the form of operating grants and capital grants. Administration is of the opinion that discontinuance of funding would significantly disrupt operations.

(b) Basis of accounting

Revenues are accounted for in the period in which the transactions or events occurred that gave rise to the revenues. Expenditures are recognized in the period the goods and services were acquired and a liability is incurred or transfers are due.

Government transfers are recognized in the financial statements as revenues in the period that the events giving rise to the transfer occurred, providing the transfers are authorized, any eligibility criteria are met by the Municipality, and reasonable estimates of the amounts can be made.

Funds from external parties and earnings thereon restricted by agreement or legislation are accounted for as deferred revenue until used for the purpose specified.

(c) Use of estimates

The preparation of financial statements in conformity with the policies and standards prescribed for municipalities by the *Hamlets Act* of Nunavut and by the Department of Community and Government Services, Government of Nunavut requires management to make estimates and assumptions. These estimates and assumptions can affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenditures during the period. Where measurement uncertainty exists, the financial statements have been prepared within reasonable limits of materiality. Actual results could differ from those estimates.

Municipality of Cambridge Bay

Notes to Consolidated Financial Statements

March 31, 2018

1. Significant Accounting Policies (continued)

(d) Fund accounting

The Municipality maintains the general operating, water and sewage, land development, equity in tangible capital assets, and the reserve funds. Transfers between funds are recorded as adjustments to the appropriate fund balance.

(i) General operating fund

Reports the excess of revenues over expenditures relating to the general operations of the Municipality excluding the provision of water and sewage services, land development and capital and equipment purchases.

(ii) Water and sewage fund

Reports the excess of revenues over expenditures relating specifically to the provision of water and sewage services to the residents and commercial enterprises of Cambridge Bay.

(iii) Land development fund

Reports the excess of revenues over expenditures relating to the development of land in the community of Cambridge Bay.

(iv) Equity in Tangible Capital Assets

Reports the investment in capital assets, less any related debt and accumulated depreciation.

(v) Reserve fund

Reports the funds held in reserve for purposes of equipment replacement, granular, land development, minor capital, water and sewer vehicle replacement reserve, and those increases and decreases directly related to those items.

(e) Budget

The 2018 budget amounts are unaudited and are approved by Council on March 30, 2017.

(f) Financial instruments

All significant financial assets, financial liabilities and equity instruments of the Municipality are either recognized or disclosed in the financial statements together with available information for a reasonable assessment of future cash flows, interest rate risk and credit risk. Where practicable the fair values of financial assets and financial liabilities have been determined and disclosed; otherwise only available information pertinent to fair value has been disclosed.

(g) Inventory

Inventory for consumption is recorded at the lower of cost, determined on a weighted average basis, and net replacement cost. The weighted average is calculated using the landed cost, which includes the cost of freight.

Inventory of Land Under Development held for sale is recorded at the lower of cost and net realizable value.

Municipality of Cambridge Bay

Notes to Consolidated Financial Statements

March 31, 2018

1. Significant Accounting Policies (continued)

(h) Tangible capital assets

Tangible capital assets are recorded at cost. Depreciation is provided using methods and rates intended to depreciate the cost of assets over their estimated useful lives. Estimated useful life and depreciation methods are specified in the Tangible Capital Asset By-Law and Policy and set forth below:

Tangible capital asset category	Threshold	Estimated useful Life	Amortization
Buildings and building improvements	\$10,000	40 years	Straight-line
Computer hardware and software	\$ 5,000	3 years	Straight-line
Engineered structures, water infrastructure	\$10,000	30 years	Straight-line
Fire trucks	\$10,000	20 years	Straight-line
Heavy equipment	\$10,000	18 years	Straight-line
Land	All	Indefinite	N/A
Land improvements	\$10,000	18 years	Straight-line
Office furniture and equipment	\$ 5,000	5 years	Straight-line
Operating equipment	\$10,000	15 years	Straight-line
Road and culvert construction	All	30 years	Straight-line
Road other	All	30 years	Straight-line
Road repaving	All	10 years	Straight-line
System development	\$10,000	3 years	Straight-line
Vehicles	\$10,000	7 years	Straight-line

Tangible capital assets under construction are not depreciated until the asset is available for use. Contributed tangible capital assets are recorded at their fair value at the date of receipt and are also recorded as contributed asset revenue.

(i) Leases

Leases are classified as capital or operating leases. Leases which transfer substantially all of the benefits and risks incidental to ownership of property are accounted for as capital leases. All other leases are accounted for as operating leases and the related lease payments are charged to expenditures as incurred.

(j) Government transfers

Government transfers are the transfer of monetary assets or tangible capital assets from a government for which the government making the transfer does not receive any goods or services directly in return; expect to be repaid in future; or expect a direct financial return.

Operating transfers are recognized as revenue in the period in which the events giving rise to the transaction occur, providing the transfers are authorized, any eligibility criteria have been met, and reasonable estimates of the amounts can be determined.

Capital transfers or transfers of tangible capital assets are initially recognized as deferred revenue and subsequently recognized as revenue when the related tangible capital asset are recognized as acquired or built.

Municipality of Cambridge Bay

Notes to Consolidated Financial Statements

March 31, 2018

1. Significant Accounting Policies (continued)

(k) Reserves

Reserves are established at the direction of the Department of Community and Government Services, or at the discretion of Council, to set aside funds for future expenditures. Transfers to and/or from reserves are reflected as an adjustment to the respective fund and not as revenue or expenditures in the statement of revenue and expenditures.

The Municipality maintains the following reserves:

(i) Equipment replacement reserve

A reserve equal to 25% of the annual rental earned on machinery and equipment, including airports, is transferred to the Equipment Replacement Reserve from the Operating Fund balance. Any deficiency in the reserve is to be provided out of the Operating Fund balance. Funds relating to this reserve must be deposited to a separate bank account.

(ii) Granular reserve

Proceeds relating to granular material are deposited to a separate reserve for the purpose of future reclamation. Funds relating to this reserve must be deposited to a separate bank account.

(iii) Land development reserve

All Municipalities maintain a land development reserve for the purpose of acquiring or developing land by the Municipality. An amount equal to the levy revenue is set aside annually for this purpose with actual acquisitions/development costs being provided for from this reserve. Funds relating to this reserve must be deposited to a separate bank account.

(iv) Minor capital reserve

All Hamlets and Municipalities maintain a minor capital reserve for the purpose of acquiring or developing minor capital items by the Municipality. An amount equal to the excess funding revenue is set aside annually for this purpose with actual acquisitions/development costs being provided for from this reserve. Funds relating to this reserve must be deposited to a separate bank account.

(v) Water and sewer vehicle replacement reserve

All Municipalities that provide trucked water and sewage services with their own forces must implement rates that recover the capital cost of water and sewage vehicles. Municipalities implement new rates by amending their water and sewage rates by-law. All Municipalities are responsible for acquiring water and sewage vehicles. Funds relating to this reserve must be deposited in a separate bank account.

(vi) Multi-use complex

The Municipality created this reserve to set aside funds for the future construction of a new multi-use complex.

Municipality of Cambridge Bay

Notes to Consolidated Financial Statements

March 31, 2018

1. Significant Accounting Policies (continued)

(l) Pension expenditures

Contributions for current and past service pension benefits are recorded as expenditures in the year in which they become due.

(m) Post-employment benefits

Under the terms and conditions of employment Municipality employees may earn benefits for retirement, severance and removal costs upon termination of employment. The estimated liability for these benefits is recorded as the benefits are earned by the employees. Severance liabilities are also recorded when employees are identified for lay-off.

(n) Sewage lagoon and solid waste landfill closure and post closure liabilities

The Municipality operates a sewage lagoon and a solid waste landfill site but their ownership has not been clarified with the Government of Nunavut. Site closure and post closure costs are recognized in full when information is available to estimate the liabilities for these facilities. To date the Municipality does not have complete information required to estimate the existing closure costs. As a result closure and post closure liabilities for these facilities are not recorded in the consolidated financial statements.

2. Future Changes to Public Sector accounting Standards ("PSAS")

Although the Municipality's consolidated financial statements are prepared in accordance with the policies and standards prescribed for municipalities by the Hamlets Act of Nunavut and by the Department of Community and Government Services, Government of Nunavut, these policies and standards are derived from PSAS and as a result the following changes to PSAS may have an impact on the financial statements of the Municipality:

a) Financial Instruments, Section PS 3450 and related amendments to Financial Statement Presentation, Section PS 1200

In March of 2011, PSAB approved new Section PS 3450, Financial Instruments, and related amendments to existing PS 1200, Financial Statement Presentation. The effective date for Section PS3450 is April 1, 2012 for government organizations and April 1, 2019 for governments. Government and government organizations adopt Section PS 3450 in the same fiscal year Section PS 2601, Foreign Currency Translation, is adopted. This standard will establish what to account for and report all types of financial instruments including derivatives. Financial instruments include primary instruments and derivative financial instruments.

The impact of the transition to these accounting standards is being reviewed by management, however they are not expected to impact the results of operations significantly.

Municipality of Cambridge Bay

Notes to Consolidated Financial Statements

March 31, 2018

2. Future Changes to Public Sector accounting Standards ("PSAS") (Continued)

b) Foreign Currency Translation, Section PS 2601

In March of 2011, PSAB approved Section PS 2601, replacing existing Section PS 2600, Foreign Currency Translation. The effective date for Section PS 2601 is April 1, 2012 for government organizations and April 1, 2019 for governments. Earlier adoption is permitted. Governments and government organizations adopt Section PS 2601 in the same fiscal year Section PS 3450, *Financial Instruments*, is adopted.

The impact of the transition to these accounting standards has been reviewed by management, however they are not expected to impact the results of operations significantly.

c) Portfolio Investments, Section PS 3041

PSAB approved Section PS 3041 – Portfolio Investments. This Section is effective when Section PS 1201, *Financial Statement Presentation*, Section PS 2601, *Foreign Currency Translation*, and Section PS 3450, *Financial Instruments* are adopted. This Section establishes standards on how to account for and report portfolio investments in government financial statements.

The impact of the transition to this accounting standard has not yet been determined.

d) Restructuring Transactions, Section PS 3430

PSAB approved Section PS 3430, *Restructuring Transactions*. This Section is effective for fiscal periods beginning on or after April 1, 2018. Earlier adoption is permitted. This Section establishes standards on how to account for and report restructuring transactions such as but not limited to amalgamations of entities or operations within the government entity, amalgamation of local governments, and shared service arrangements entered into by local governments in a region, by both transferors and recipients of assets and/or liabilities, together with related program or operating responsibilities.

The impact of the transition to this accounting standard has not yet been determined.

e) Asset Retirement Obligations, proposed section PS 3280

This section will be effective for fiscal years beginning on or after April 1, 2021 and is intended to enhance comparability of financial statements among public sector entities by establishing uniform criteria for recognition and measurement of asset retirement obligations, including obligations that may not have previously been reported. This section would require public sector entities to review existing contract, legislation, regulations, and other sources to identify retirement activities associated with its controlled tangible capital assets.

The impact of the transition to this proposed accounting standard, if any, has not yet been determined.

Municipality of Cambridge Bay

Notes to Consolidated Financial Statements

March 31, 2018

3. Cash and Cash Equivalents

Cash and cash equivalents consist of bank balances and reserve balances. Cash and cash equivalents are all denominated in Canadian dollars and held with the Municipality's financial institution. Particulars of cash and cash equivalents are as follows:

	2018	2017
Cash	\$ 2,456,750	\$ 1,340,330
Reserve deposits and guaranteed investment certificates	4,667,753	3,199,808
\$ 7,124,503	\$ 4,540,138	

4. Reserve Deposits

	2018 Required Reserve	2018 Reserve Deposit	2018 Deposit Excess (Deficiency)
Equipment replacement reserve	\$ 470,701	\$ 441,628	\$ (29,073)
Granular reserve	134,833	134,795	(38)
Land development reserve	3,996,314	3,358,012	(638,302)
Minor capital reserve	270,511	214,511	(56,000)
Water and sewer vehicle replacement reserve	400,000	400,000	-
Multi-use complex facility reserve	144,083	118,807	(25,276)
	\$ 5,416,442	\$ 4,667,753	\$ (748,689)

Sufficient funds must be deposited to separate bank accounts to correspond with the respective reserve fund balances. Interest earned on these accounts is credited to the appropriate reserve. As at March 31, 2018, the Municipality has not complied with this requirement.

5. Accounts Receivable

	Accounts Receivable	Allowance	2018 Accounts Receivable (net)	2017 Accounts Receivable (net)
Government of Canada	\$ 159,595	\$ 1,260	\$ 158,335	\$ 710,554
Government of Nunavut	1,013,715	22,169	991,546	1,823,183
Government of Nunavut - Housing	529,835	-	529,835	56,778

Capital lease obligations (Note 9)	(597,592)	(1,109,429)	511,837
Total	\$34,065,004	\$18,259,316	\$15,805,688

Municipality of Cambridge Bay

Notes to Consolidated Financial Statements

March 31, 2018

11. Commitments

The Municipality is committed to two leases for office equipment with Xerox with annual payments of \$10,681 each. They expire in June 2021.

Future minimum lease payments are as follows:

Year	Amount
2019	\$ 10,681
2020	10,681
2021	10,681
2022	10,681
Total	\$ 42,724

12. Contingent Liabilities

Insurance

The Municipality participates in the Nunavut Association of Municipalities insurance program under which it is insured for property, automotive and liability. Under the terms of membership, the Municipality could become liable for its proportionate share of any claim losses in excess of the funds held by the exchange. Any liability incurred would be accounted for as a current transaction in the year the losses are determined.

Litigations

The Municipality is involved in a claim for which a decision has yet to be reached. The amount of damages, if any, is unknown at this time. A liability, if any, will be accounted for as a current transaction in the year the losses are determined.

13. Municipal Pension Plan

As at January 1, 2018, the Northern Employee Benefits Services (NEBS) Pension Plan had a solvency ratio deficiency of (\$110,840,600) (2017 - \$102,495,300) and a solvency ratio of 66.0% (2017 - 64.0%). As of January 1, 2018, the excess (deficiency) of actuarial value of net assets over actuarial present value of defined benefits is estimated to be \$24,000,000.00 - Funded Ratio 112.8% (2017 - \$16,600,000 and 110.1%) on a going concern valuation basis.

The Plan serves 3,033 (2017 - 2,600) Employee Members and 107 (2017 - 99) Employer Members. Any potential deficiency in termination payments is guaranteed to be paid over the next 10 years or less, depending on the position of the fund. As of April 2004, the Office of the Superintendent of Financial Institutions (OSFI) has exempted NEBS from compliance with the Pension Benefits Standards Act (PBSA). Solvency is calculated for the purposes of determining obligations only in the event of a plan wrap up.

The contribution percentage remains the same at 16% (8% from the employees and 8% from the employer) up to a maximum of pensionable earnings of \$165,077 starting January 2017 and \$166,087 starting January 2018, with 16% of that maximum being \$26,412 (January 2017) and \$26,412 (January 2018) (\$13,206 - \$13,206 from the employer and \$13,206 - \$13,206 from the employees).

Municipality of Cambridge Bay

Notes to Consolidated Financial Statements

March 31, 2018

13. Municipal Pension Plan (Continued)

Total current service contributions by the Municipality of Cambridge Bay to the Northern Employee Benefits Services Pension Plan in 2018 were \$180,470 (2017 - \$177,913). Total current service contributions by the employees of the Municipality in 2018 were \$180,470 (2017 - \$177,913).

This is an employer owned program and as such the Municipality is liable for its portion of any shortfall.

The Municipality of Cambridge Bay is required to make current service contributions to the plan of 8% of pensionable earnings up to \$180,470 (2017 - \$177,913).

14. Comparative figures

Certain comparative figures have been reclassified to conform with the current year presentation.

15. Water and Sewage Services Operating Statement

The Water and Sewage Fund is managed as a separate fund. The expenditures are to include all direct and indirect costs as outlined in the Community Water and Sewage Service Agreement. Under the terms and conditions of the Community Water and Sewage Services Agreement the Municipality is allowed to maintain a balance in the Water and Sewage Fund to an allowable margin of 10% of the Municipality's prior year audited expenditures for Water and Sewage services.

Actual Fund Balance (Schedule 1)	Change in Fund Balance (Schedule 1)	10% Allowable Margin	Over (Under)
\$ 284,980	\$ 167,850	\$ 443,915	\$ (158,935)

16. Financial Instruments

Financial instruments consist of recorded amounts of cash and cash equivalent, reserve deposits, and accounts receivable which will result in future cash receipts. They also consist of accounts payable and accrued liabilities, contribution repayable, capital lease obligations, annual leave accrual and leave and termination accrual which will result in future cash outlays. The Municipality is exposed to the following risks in respect of certain of the financial instruments held:

Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The Municipality is exposed to a concentration of credit risk as the majority of their customers are located in the community of Cambridge Bay, Nunavut.

The Municipality has funds in excess of federally insured limits in one federally regulated financial institution. This risk has not changed from the prior year.

Interest rate risk

The Municipality has available a revolving operating line of credit of \$600,000 with an interest rate of Royal Bank prime rate plus 1%. This credit facility is secured by a general security agreement and authorized through a borrowing by-law.

Municipality of Cambridge Bay

Notes to Consolidated Financial Statements

March 31, 2018

17. Economic Dependence

The Municipality receives significant funding from the Government of Nunavut in the form of operating and capital grants. Administration is of the opinion that discontinuance of funding would significantly disrupt operations.

18. Statutory Requirements

In accordance with Policies and Guidelines of the Department of Community and Government Services, Government of Nunavut ("CGS"), the Municipality is required to deposit sufficient funds into separate bank accounts to correspond with the respective reserve fund balances. The Municipality is in violation of this policy and guideline as it has a reserve deposit deficiency of \$748,689 (see note 4).

In accordance with Policies and Guidelines of CGS, the Municipality approved the budget on March 30, 2017 prior to the commencement of the new year.
